# Marketplace Changes

A white quadcopter drone is shown in flight, carrying a brown cardboard box. The box is secured with white straps and features several shipping labels and icons, including a barcode, a recycling symbol, an umbrella icon, and an 'upward arrows' icon. The background is a blurred cityscape with buildings and streets, suggesting an urban delivery environment. The text 'Changing Expectations' is overlaid in white, centered on the image.

## Possible Disadvantages of a Network Relationship

- Restricts the number of buyers
- Agent does not understand ownership or terms of the contract
- Exit Fees & First Right of Refusal
- Competition to keep the book when it is sold outside the network

Not all buyers are  
right for every seller.

AGENCY FOCUS

The value of an agency and the strength of an acquirer can be greatly impacted by the agency's network relationship.
